Dear Rick,

Enjoyed your letter. Congratulations on your exciting new assignment. I know you will do a superb job for The Times. Look forward to being of any help I can.

Enclosed are all of the unclassified studies we have published recently concerning the Soviet and Chinese economies. They are: a study on the world energy situation; a study and update on the Soviet energy situation; another one on the Chinese energy situation; and one on the overall outlook for the Soviet economy. I hope these help and look forward to your publishing them in Survival. We are anxious to get more coverage for them and I am sure you will acknowledge them as having come from the CIA.

Best to Christoph. Look forward to seeing you soon.

Yours,

STANSFIELD TURNER

Dear Stan:

I dislike pestering you over a small matter, but we are very interested in publishing the several Agency studies and statements that have been reported recently concerning the Soviet and Chinese economies and technical bases.

I note that you made a statement to the Joint Economic Committee on these issues and that the Agency submitted some technical reports. If it is possible, I wonder if you could have this material air mailed to me so that we can publish them right away in Survival. I would normally go to Capitol Hill with this request, but their track record on responding to our requests is none too good.

~~On another matter, I will be moving to Washington towards the~~ end of September to become the 'national security affairs' correspondent for the New York Times. I'm looking forward to this and hope we'll get the opportunity to get together occasionally.

Sincerely,

*Rick*
